**Vancouver, British Columbia, February 2, 2010** - Gold Hawk Resources Inc. ("Gold Hawk" or the "Company") (TSX-V: GHK) advises that the Board of Directors has granted stock options to directors, officers and employees of the Company.

Options were granted to purchase 695,000 common shares in the capital of the Company, exercisable for a period of five years at a price of \$1.00 per share and subject to the terms and conditions of the Company's Stock Option Plan and TSX Venture Exchange approval. The non-Director share options vest one-third immediately upon the date of grant, one-third will vest 12 months from the date of grant and the final one-third of the options will vest 24 months from the date of grant. Share options granted to Directors vest immediately.

### About Gold Hawk Resources Inc.

Gold Hawk (TSX-V:GHK) is a Vancouver, Canada-based precious metals company with a 15% ownership in the Coricancha Mine in central Peru. The 600 tonnes of ore per day processing facility is projected to resume operations in the first half of 2010. Gold Hawk has no debt and \$15 million in working capital and is exploring business opportunities in the mining sector. The Company also holds mining concessions at the Barry-Souart property northeast of Val D'Or, Quebec – a gold mining area with existing mining operations nearby. Gold Hawk is operated by an experienced management team with significant operating experience.

This document may contain "forward-looking statements" within the meaning of Canadian securities legislation. These forward-looking statements are made as of the date of this document and Gold Hawk Resources Inc. (hereinafter referred to as the "Company") do not intend, and do not assume any obligation, to update these forward-looking statements. Forward-looking statements relate to future events or future performance and reflect management of the Company's expectations or beliefs regarding future events and include, but are not limited to, statements with respect to the estimation of mineral reserves and resources, the realization of mineral reserve estimates, the timing and amount of estimated future production, costs of production, capital expenditures, success of mining operations, commodity prices, environmental risks, unanticipated reclamation expenses, title disputes or claims and limitations on insurance coverage. In certain cases, forward-looking statements can be identified by the use of words such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved" or the negative of these terms or comparable terminology. By their very nature forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Such factors include, among others, risks related to actual results of current exploration activities; changes in project parameters as plans continue to be refined; future prices of resources; possible variations in ore reserves, grade or recovery rates; accidents, labour disputes and other risks of the mining industry; delays in obtaining governmental approvals or financing or in the completion of development or construction activities; as well as those factors detailed from time to time in the Company's interim and annual financial statements and management's discussion and analysis of those statements, all of which are filed and available for review on SEDAR at [www.sedar.com](http://www.sedar.com). Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.
